The Heart of a Pioneer Woman: Keynote Speaker Summary & Bio

Keynote Sessions: 9:00-9:50, 3:15-4:00

Keynote Speaker: Tanya Mucciolo

Tanya Mucciolo is a mother of six from Ripon, Wisconsin. She has known Christ for 30 years, but in 2009, she experienced Him in a new way as she walked through her journey with cancer. In addition to spiritual growth, the cancer inspired her to seek a more natural lifestyle by growing, cooking and preserving food in a healthy way. During our first session together, Tanya will be sharing her testimony along with some of the lifestyle changes the illness brought about; and during our closing session, Tanya will be answering the question, "Is there purpose in suffering?"
